Education

University of Delaware — Bachelor of Science — Fashion Design & Product Innovation — GPA: 3.6 — Newark, DE — Graduated May 2026

Experience

Paris Fashion Week — Paris, France — Winter 2026
Elie Saab Internship

- Styled and dressed models during showroom appointments to showcase couture garments for VIP clients, ensuring precise fit and elevated presentation
- Assisted with haute couture fittings and supported backstage execution during Paris Haute Couture Fashion Week, coordinating rapid changes and maintaining garment integrity under high-pressure timelines
- Supported editorial and campaign photoshoots by perfecting garment fit and drape on models, ensuring each couture look translated seamlessly on camera

Walter Van Beirendonck & Georges Hobeika Dresser

- Assisted backstage during runway presentations, dressing models and coordinating rapid look changes under strict show timelines
- Supported backstage operations by preparing garments, executing quick changes, and ensuring styling accuracy moments before runway call

Rag & Bone — New York, New York — Summer 2025
Knits and Sweaters Production Intern

- Supported the Fabric R&D Department in sourcing and developing knit fabrics for the Men's and Women's collections, ensuring alignment with design specifications and seasonal trends.
- Communicated with mills and overseas vendors to coordinate fabric developments, addressing any issues promptly to maintain production timelines.
- Attended weekly cross-functional team meetings with design, product development, and merchandising, contributing to collaborative discussions and project updates.
- Tracked sample order shipments using Excel, ensuring accurate records and timely deliveries.

J. Crew Factory — Huntington Station, New York — Summer 2025 - Present
Sales Associate

- Delivered personalized styling and fit recommendations aligned with brand aesthetic and customer preferences, driving repeat purchases and loyalty
- Maintained visual standards by organizing floor sets, mannequins, and product displays to reflect seasonal collections and promotions
- Processed transactions efficiently while upholding accuracy and brand service expectations in a fast-paced retail environment

Love Shack Fancy — New York, New York — Summer 2024
Freelance Contractor

- Hands on experience in garment embellishment, sample preparation, and design tasks for both the resort collection and New York Fashion Week
- Refined craftsmanship, attention to detail, and understanding of the intricacies involved in luxury fashion production

Activities

Study Abroad — Paris, France — Winter 2026
Student

- Attended Paris and London fashion shows, observing haute couture and ready-to-wear runway production, backstage operations, and presentation techniques.
- Visited leading fashion exhibitions and museums, including Rick Owens, Dior Gallery, Paul Poiret, Marie Antoinette Style, Alaïa, and Dirty Looks, analyzing historical and contemporary influences on design.
- Engaged in independent research and concept development, creating moodboards, sketches, and designs informed by European fashion trends and cultural context.

Student — Rome, Italy — Spring 2025

- Completed a semester-long academic program, immersing in Italian culture, history, and global perspectives
- Developed adaptability, cross-cultural communication skills, and a global perspective through experiential learning and travel
- Studied graphic design and marketing, amongst other courses, gaining insight into international markets

Chi Omega Sorority — Newark, DE — Spring 2023 - Spring 2026
Sisterhood Support Team Leader, Airband Costume Director

- Planned and decorated events to foster a strong sense of community within the chapter, providing engaging and inclusive experiences for members
- Mentored and supported incoming members, guiding their transition into the sorority
- Led the design and development of costumes for annual “Airband” dance fundraiser, ensuring creative and cohesive visuals that enhanced performance

Synergy Fashion Group — Newark, DE — Fall 2025 - Spring 2026
Designer

- Created and developed original garments for the Synergy Fashion Show, managing design, fabric selection, and fit for runway presentation.
- Collaborated with team members and faculty during fittings and rehearsals to ensure cohesive styling and flawless execution of garments on models.
